

## Clearswift SECURE Email Gateway

---

### *End of Life Statement for Version 4.5*

Alyn Hockey, VP Product Management

7th November 2017

### **End of Life**

This End of Life Statement announces the end of life for the Clearswift SECURE Email Gateway version 4.5.

Twelve months from the date of this statement, on the 7th November 2018, maintenance support for version 4.5 will cease to be provided.

### **New SECURE Email Gateway version 4.7**

Clearswift SECURE Email Gateway version 4.7 will be released on the 7th November 2017 and will incorporate the following new capabilities:

- AR for JPEG
- STIG hardening
- Improved TLS controls

Version 4.7 will be available as a free upgrade to all supported customers. To benefit from the new features included in this release, and important bug fixes, we advise all customers to upgrade to version 4.7 as soon as possible.

### **Summary of Key Points**

From the 7th November 2017:

- Clearswift SECURE Email Gateway 4.5 starts End of Life program on 7th November 2017
- Clearswift SECURE Email Gateway 4.5 will End of Life on 7th November 2018
